Give the next Generation the chance to make a better future for themselves and the world around them.

At our heart, we are a group of passionate people motivated by Christian values and the belief that people matter.

Fusion Australia is a Youth and Community organisation which has a deep and ongoing commitment to developing resilience in individual lives and the community through local initiatives.

Since starting in 1960, we have worked to bring young people and their families together with hope. At first Fusion's focus was specifically caring for the needs of socially-at-risk young people, but it soon became clear that a healthy, caring community was crucial to young people's development. As a result we expanded our vision to include community building.

Our Vision

Transformed communities where young people thrive.

Our Mission

Engaging creatively with communities to bring life.

Our Values

Justice | Mercy | Compassion | Respect | Industry

Each of us is different, made for a unique purpose and longing to be connected with others. We believe we all have an ability to contribute to the lives of others and the communities in which we live.

By partnering with Fusion you are ensuring that we can continue to see transformed communities where young people thrive.

If you are considering partnering with Fusion, we would love to hear from you and more about your heart for the next Generation.

Warm Regards,

F.M. Gunnion
